

How to resize labels in Nutritionist Pro™ NexGen Online Application

We offer many resizing and customizing features for labels.

1. You can color -- fonts, lines or background select those options as needed
2. In addition, you can resize the label using **Label Dimensions** options as shown
3. Once you pick the size hit update to resize your label
4. The resized label will be shown underneath the original label
5. You can save the labels in 3 formats as shown in the orange buttons – PNG, JPG, PDF.
6. We also have a great [video library](#) which can help with the different feature of the application.
