# NUTRITIONIST PRO™ SYSTEM REQUIREMENTS

## NETWORK VERSION

Thank you for purchasing Nutritionist Pro™. For your convenience, our system requirements for our product are as follows. We recommend you review the list below before purchasing or upgrading your Nutritionist Pro product.

### **Nutritionist Pro Network Installation**

- Network install is a 2 part installation. You will require a minimum of 2 machines one for the server install and the other for the client. Additional client installs can be installed based on the organizations need.
  - The server houses the database and the client workstation connects to the server to access the application.

#### **Network Version: Client Workstation Installation**
